DataSheet

Description

The JSL-DM Door Magnetic Detector monitors the open/close status of doors and windows in real time. When installed, it links with the intelligent gateway to trigger alarms and push instant notifications to the mobile app if unauthorized access is detected. Its tool-free design allows quick and convenient installation using double-sided adhesive tape on doors, windows, cabinets, or other surfaces, making setup fast and hassle-free.

Main Features

- Detects abnormal door and window activity and sends real-time alerts to the mobile app.
- Monitors open/close status for continuous entry-point awareness.
- Ultra-low power design with up to 5 years of battery life.
- Supports scene linkage with other smart devices for automated actions.

Specifications

Materials	PC
Color	White
Interface	Type-C
Power Supply	DC 5V 1A
WAP	Zigbee
Battery Capacity	200mAh
Battery Duration	1 Year
Charging Time	2 hours
Working Temperature	-10℃ - 50℃
Working Humidity	0% - 95%
Size(mm)	54 x 28 x 18mm 30 x 18 x 9mm
Weight	22g
