## About Cashly Training Kit

The IP Video Intercom Kit combines the JSL-05W indoor monitor, JSL-I11 video door phone, and the CASHLY mobile app—designed for villas and single-family residences. It enables crystal-clear video communication and remote door unlocking directly from the monitor or smartphone app. With multiple access methods, dual-band Wi-Fi (2.4G/5G), and an easy plug-and-play setup, installation is both quick and hassle-free.

Main Features

- Plug-and-play, quickly deployment.
- Flexible door access methods.
- Monitor door phone camera footage on both mobile and indoor station.
- Remote door opening anytime, anywhere.
- Support one-touch calling.
- CCTV integration
