

Description

The smart PIR motion sensor supports real-time human movement detection and whole-room scene linkage. By working with a smart gateway, it can link with other smart devices to enable intelligent automation. Featuring a 360° rotatable mount, it allows flexible installation and provides comprehensive coverage for security monitoring, ambient illumination detection, remote reminders, and scene linkage.

Main Features

- Ultra-low power design with CR2450 battery, up to 1 year life, low battery reported to the app.
- Automatic threshold adjustment and temperature compensation for stable performance and reduced false alarms.
- Sends motion alerts to the gateway, which pushes real-time notifications to the mobile app for intelligent security monitoring.

Specifications

Materials	PC
Color	White
Interface	Type-C
Power Supply	DC 5V 1A
WAP	Zigbee
Battery Duration	1 Year
Charging Time	2 hours
Working Temperature	-10°C - 50°C
Working Humidity	0% - 95%
Size(mm)	63.5 x 41.5 x 30mm
Weight	45g

Dimension
